Stat., c. 24}

(3) The court of revision may direct such further or other notice or notices to be given as may to it seem proper and shall inquire into and hear the appeal and may make such order in the premises as may to it seem just and proper and, more particularly, but without prejudice to the generality of the foregoing, may exempt such agricultural lands or any part thereof from the special frontage rate for such period of years as it shall determine and may, upon the application of any owner of agricultural lands, extend such period of exemption from time to time, provided however that any exemption so granted shall be terminated automatically in respect of any part of such lands when such part ceases to be used for agricultural purposes. ^{Authority of court of revision}

(4) Where any watermain has been constructed in the City of Oshawa after the 31st day of December, 1950, and prior to the day this Act comes into force and any agricultural lands have thereby been made subject to the special frontage rate, any owner of such agricultural lands may file with the clerk of the City of Oshawa notice of appeal to the court of revision ^{Previous watermains; agricultural lands}

BILL
An Act respecting the City of Oshawa

MR. THOMAS (Ontario)

BILL

An Act respecting the City of Oshawa

WHEREAS The Corporation of the City of Oshawa Preamble by its petition has represented that it is desirable to substitute new provisions for the provisions of *An Act respecting the Town of Oshawa*, being chapter 122 of the Statutes of Ontario, 1922, as amended by section 6 of *The City of Oshawa Act, 1951*, and, more particularly, to provide for changes in the procedure for imposing the special frontage rate for the construction of watermains authorized by the said Act and for exempting agricultural lands therefrom, and has prayed for special legislation in that respect; and whereas it is expedient to grant the prayer of the petition;

Therefore, Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. Subject to sections 2 to 11, the council of the City of Oshawa may, by by-law, levy and charge a special frontage rate not exceeding 15 cents per foot of frontage upon all lands in the City of Oshawa, whether occupied or vacant, fronting or abutting upon streets, lanes or alleys upon or within which watermains have heretofore been or may hereafter be constructed. Special rate re water-mains

2. The special frontage rate shall be an annual rate to be levied and charged in each year during but not beyond a period of twenty years following construction of the watermain upon or within the street, lane or alley upon which the land on which the said rate is levied or charged fronts or abuts. Idem

3. The council shall, by by-law, provide an equitable method of exempting from the special frontage rate lands which front or abut upon more than one street, lane or alley upon or within which watermains have been or may be constructed and lands which are of irregular shape or unfit for building purposes or upon which, for any other reason, it would be inequitable to levy or charge the full frontage rate as aforesaid. Exemptions

Change
in rate

4. The special frontage rate may be varied from time to time by by-law passed by the council but shall not be increased to more than 15 cents per foot without the approval of the Ontario Municipal Board.

Collection
of rate

5. The special frontage rate shall be payable at the same time and in the same manner as the general taxes of the City and, until paid, shall be a lien or charge upon the lands on which it is levied and arrears of the special frontage rate shall be subject to the same penalties and be collected in the same manner and by the same processes as arrears of taxes are collected under *The Assessment Act*.

Rev. Stat.,
c. 24

Refunds

6. When, in any year, any land is charged with the special frontage rate and the owner or occupant of such land is charged with and pays water rates for water supplied to such land or to any building thereon from the watermain constructed upon or within the street, lane or alley upon which such land fronts or abuts, the person or persons liable for payment of the special frontage rate shall be entitled to a refund or remission in respect of the special frontage rate equivalent in amount to the lesser of the special frontage rate and the said water rates or to one of them if both are equal.

When rate
need not
be levied

7. Notwithstanding sections 1 to 6, it shall not be necessary to levy or charge the special frontage rate upon any land in any year if the amount of the water rates paid by the owner or occupant of such land in the preceding year for water supplied to such land or to any building thereon from the watermain constructed upon or within the street, lane or alley upon which such land fronts or abuts is equal to or greater than the amount of the special frontage rate.

10.—(1) On and after the day this Act comes into force, the council of the City of Oshawa may pass by-laws from time to time for undertaking the construction of watermains and extensions of the water works system of the City of Oshawa, without obtaining the assent of the electors or any class thereof, provided however that, where any agricultural lands would be subject to the special frontage rate as a result of the passing of any such by-law, the owner or owners of such agricultural lands, as shown by the last revised assessment roll of the City of Oshawa, shall be notified by prepaid registered mail of the passing of such by-law and of the amount of the special frontage rate to be imposed upon such lands and the special frontage shall not be imposed upon such lands until after the expiration of twenty-one days from the date of mailing of such notice.

(2) Within the period of twenty-one days aforesaid, any such owner of agricultural lands may file with the clerk of the City of Oshawa notice of appeal to the court of revision, as constituted under *The Assessment Act*, against the imposition of the special frontage rate upon such agricultural lands and, thereupon, such frontage rate shall not be imposed until such appeal has been finally determined in accordance with this section.

(3) The court of revision may direct such further or other notice or notices to be given as may to it seem proper and shall inquire into and hear the appeal and may make such order in the premises as may to it seem just and proper and, more particularly, but without prejudice to the generality of the foregoing, may exempt such agricultural lands or any part thereof from the special frontage rate for such period of years as it shall determine and may, upon the application of any owner of agricultural lands, extend such period of exemption from time to time, provided however that any exemption so granted shall be terminated automatically in respect of any part of such lands when such part ceases to be used for agricultural purposes.

(4) Where any watermain has been constructed in the City of Oshawa after the 31st day of December, 1950, and prior to the day this Act comes into force and any agricultural lands have thereby been made subject to the special frontage rate, any owner of such agricultural lands may file with the clerk of the City of Oshawa notice of appeal to the court of revision

against the imposition of the special frontage rate upon such agricultural lands and, thereupon, such frontage rate shall not be imposed until such appeal has been finally determined in accordance with this section and the provisions of subsection 3 shall apply *mutatis mutandis*.

SCHEDULE

THIS AGREEMENT made in duplicate this 20th day of March, A.D. 1952.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the "Commission",

OF THE FIRST PART,

—and—

ORILLIA WATER, LIGHT AND POWER COMMISSION,
hereinafter called the "Customer",

OF THE SECOND PART.

WHEREAS the Customer has applied to the Commission for a supply of electrical power and the Commission is willing to supply the same on the terms and conditions herein contained, all under the provisions of *The Power Commission Act*, R.S.O. 1950, Chapter 281 and amendments thereto, and the enabling legislation hereinafter referred to:

NOW THEREFORE THIS INDENTURE WITNESSETH that subject to the said Act and enabling legislation, and for the considerations herein contained the parties hereto covenant, promise and agree as follows:—

1. THE COMMISSION AGREES:

(a) To reserve for and deliver to the Customer at the earliest possible date up to a maximum amount of One Thousand Five Hundred Kilowatts (1500 Kw) of electrical power as required by the Customer hereunder;

1. (b) To use at all times first-class, suitable standard commercial apparatus and plant and to exercise all due skill and diligence so as to secure the satisfactory operation of the plant and apparatus of the Customer;

1. (c) To deliver commercially continuous twenty-four (24) hour power every day in the year except as provided for herein to the Customer at the point of delivery herein defined as the dead-ending point on the Commission's transmission line at the Customer's Swift Rapids Plant, or at such other point that is mutually agreeable.

2. THE CUSTOMER AGREES TO:

(a) Take the power covered by this agreement and to prepare for the receipt and use of the said power so as to be able to receive power when the Commission is ready to deliver the same;

2. (b) Pay to the Commission for power hereunder in monthly payments at the rate of Forty-two Dollars (\$42.00) per Kilowatt per annum, such monthly payments being based on the monthly kilowatt demand for the month as determined at the point of measurement hereinafter defined and the said monthly kilowatt demand being the greatest average or integrated amount of power delivered to or taken by the Customer for any twenty (20) consecutive minutes in the month determined from coincident readings of the meters hereinafter referred to.

3. If in any month the power taken hereunder exceeds One Thousand Five Hundred Kilowatts (1500 Kw) with or without correction for excess load factor under clause 7, the operators of the Commission may notify the operators of the Customer either by telephone or otherwise and the Customer shall forthwith discontinue taking such excess power. If during any month power is taken in excess of One Thousand Five Hundred Kilowatts (1500 Kw) the Customer shall pay for power for such month as if the said excess had been taken for the whole month but such taking and payment shall not be deemed to be an authorization to the Customer to take excess power at any future time.

4. In any event the Customer shall pay to the Commission for power hereunder for each month as a minimum a charge at the rate set forth in clause 2 (b) for the greatest kilowatt demand for any previous month not in excess of One Thousand Five Hundred Kilowatts (1500 Kw) or a charge at the said rate for One Thousand Kilowatts (1000 Kw), whichever charge is the greater.

5. All amounts payable by the Customer in lawful money of Canada shall be paid at the offices of the Commission in Toronto. Bills shall be rendered by the Commission on or before the Fifteenth day and paid by the Customer on or before the Twenty-fifth day of each month. If any bill remains unpaid for thirty (30) days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Customer until said bill is paid. No such discontinuance shall relieve the Customer from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the rate of five per cent (5%) per annum.

6. THE CUSTOMER AGREES TO:

(a) Take power exclusively from the Commission during the continuance of this agreement; provided, however, that the Customer may continue to generate and distribute power for its own use and the use of its customers within the scope of its statutory powers so long as it complies with the requirements of clause 6 (b) hereof;

(b) Synchronize and operate its generating plants in parallel with the Commission's system in a manner satisfactory to the Commission, and also to operate the said generating plants in a manner satisfactory to the Commission in respect of utilizing their facilities to the maximum available from time to time for power thereby developed which shall be at a load factor at least as high as the daily load factor of power supplied by the Commission hereunder; to refrain from taking power hereunder in such manner that the energy taken during any day shall be in excess of a load factor for that day of Seventy per cent (70%) on the kilowatt demand for that day, the kilowatt demand for any day being the greatest average or integrated amount of power delivered to or taken by the Customer for any twenty (20) consecutive minutes in that day determined from coincident readings of the said meters, subject to power factor correction; and also to refrain from taking power hereunder in such manner that the energy taken during any month shall be in excess of a monthly load factor of Sixty per cent (60%) on the amount of power for which the Customer pays for such month.

7. If the Customer during any month, takes energy in excess of a load factor of Sixty per cent (60%) on the kilowatt demand for such month, such kilowatt demand shall be deemed to have been increased thereby for all the purposes of this agreement in accordance with the following factor:—

Kilowatt demand
for the month

*The number expressing in percentage
the said load factor at which power was
taken for the month.

60

8. The point of measuring the power covered by this agreement shall be at the switchboard in the Commission's Big Chute Generating Station and no correction or adjustment shall be made by reason of the measuring equipment being connected at other than the point of delivery, this having been taken into consideration in agreeing upon the price of power hereunder.

9. Measurement of all power and energy under this agreement shall be made by means of suitable polyphase recording meters. The measuring equipment including meters, current and potential transformers and other equipment shall be so arranged as to measure and record the said power and energy with commercial accuracy and shall be provided, installed and maintained commercially correct by the Commission. The Customer shall have the right to test any such measuring equipment in the presence

of a representative of the Commission by giving to the Commission seven (7) days' previous notice in writing of the Customer's desire to test such measuring equipment.

10. If the Customer at any time fails in the performance of any of its obligations affecting electrical operation under this agreement including, without limiting the generality of the foregoing, taking power in excess of the maximum under this agreement or failing to operate as required in this agreement, then the Commission may give notice thereof to the Customer, which notice may be given by telephone to an employee of the Customer by an operator of the Commission and the Customer shall immediately remedy the said failure. In case of continued failure for more than fifteen (15) minutes after notice, the Commission may discontinue delivery to the Customer of all power or of any part thereof and shall not be obliged to resume delivery to the Customer until the Customer shall have given to the Commission sufficient assurance that such failure will not recur. The Customer shall forthwith designate in writing to the Commission to what employee the said notice under this clause 10 is to be given, and in default of such designation or in the event of the said employee not being immediately available to receive such notice the said notice may be given by telephone or otherwise to any other employee of the Customer.

11. THE CUSTOMER AGREES TO:

(a) At all times to take and use the electrical power in such manner that the ratio of the kilowatts to the kilovolt amperes (read simultaneously) is unity, but when this is not possible the Customer shall pay for ninety per cent (90%) of the maximum kilovolt amperes (considered as true power or kilowatts) when the said ninety per cent (90%) is in excess of the maximum kilowatts taken; the maximum in kilowatts or kilovolt amperes shall be taken as the maximum average or integrated demand over any twenty (20) consecutive minutes;

11. (b) Use at all times first-class, suitable standard commercial apparatus and plant to be approved by the Commission and to operate and maintain the apparatus and plant so as not to cause more than minimum disturbance or fluctuation to the Commission's supply, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Customer.

12. The power shall be alternating, three-phase, having a frequency of approximately Sixty (60) cycles per second and a nominal voltage of approximately Twenty-three Thousand (23,000) volts, subject to normal variations from the said voltage of approximately ten per cent (10%) and from the said frequency of approximately five per cent (5%);

"Power" shall mean electrical power and except where the context requires a different meaning shall mean also and include "energy";

One Kilowatt shall be equivalent to One Thousand Watts (1,000 W.).

12. (b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency, at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all operating obligations of the Commission hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the Customer and the Customer's agents, apparatus, appliances and circuits;

12. (c) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by any cause reasonably beyond the Commission's control, including without limiting the generality thereof, strike, lock-out, riot, fire, insurrection, hurricane, civil commotion, flood, invasion, explosion, the Queen's enemies and act of God, then the Commission shall not be bound to deliver such power during such time; The Commission shall be prompt and diligent in removing the cause of such interruption and as soon as the cause of such interrup-

tion is removed the Commission shall without any delay deliver the said power; such interruption shall not release the Customer from any obligation under this agreement;

12. (d) The Commission shall have the right at reasonable times, and when possible after reasonable notice has been given to the Customer, to discontinue the supply of power to the Customer for the purpose of safeguarding life or property or for the purpose of operation, maintenance, replacement or extension of the Commission's apparatus, equipment, or works, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Customer; such interruptions shall not release the Customer from any obligation under this agreement.

13. The engineers of the Commission or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time, during the continuance of this agreement, to inspect the apparatus, plant and property of the Customer, and take records at all reasonable hours.

14. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

15. Any waiver by either party or failure to exercise any rights or enforce any remedy shall be limited to the particular instance and shall not operate or be deemed to extend to any other matter under this agreement or in any way affect the validity of this agreement.

16. This agreement shall become effective only if ratified by Act of the Ontario Legislature within a period of one year from the date hereof and if and when so ratified, shall remain in force for a period of Two (2) years commencing from the date such ratifying Act comes into force, or the 1st day of September, A.D. 1952, whichever date shall be later.

IN WITNESS WHEREOF the Commission and the Customer have caused this agreement to be executed under their corporate seals attested by the signatures of their proper officers duly authorized thereto.

All payments in arrears shall bear interest at the rate of five per cent (5%) per annum.

6. THE CUSTOMER AGREES TO:

(a) Take power exclusively from the Commission during the continuance of this agreement; provided, however, that the Customer may continue to generate and distribute power for its own use and the use of its customers within the scope of its statutory powers so long as it complies with the requirements of clause 6 (b) hereof;

(b) Synchronize and operate its generating plants in parallel with the Commission's system in a manner satisfactory to the Commission, and also to operate the said generating plants in a manner satisfactory to the Commission in respect of utilizing their facilities to the maximum available from time to time for power thereby developed which shall be at a load factor at least as high as the daily load factor of power supplied by the Commission hereunder; to refrain from taking power hereunder in such manner that the energy taken during any day shall be in excess of a load factor for that day of Seventy per cent (70%) on the kilowatt demand for that day, the kilowatt demand for any day being the greatest average or integrated amount of power delivered to or taken by the Customer for any twenty (20) consecutive minutes in that day determined from coincident readings of the said meters, subject to power factor correction; and also to refrain from taking power hereunder in such manner that the energy taken during any month shall be in excess of a monthly load factor of Sixty per cent (60%) on the amount of power for which the Customer pays for such month.

7. If the Customer during any month, takes energy in excess of a load factor of Sixty per cent (60%) on the kilowatt demand for such month, such kilowatt demand shall be deemed to have been increased thereby for all the purposes of this agreement in accordance with the following factor:—

Kilowatt demand
for the month

*The number expressing in percentage
the said load factor at which power was
taken for the month.

60

8. The point of measuring the power covered by this agreement shall be at the switchboard in the Commission's Big Chute Generating Station and no correction or adjustment shall be made by reason of the measuring equipment being connected at other than the point of delivery, this having been taken into consideration in agreeing upon the price of power hereunder.

9. Measurement of all power and energy under this agreement shall be made by means of suitable polyphase recording meters. The measuring equipment including meters, current and potential transformers and other equipment shall be so arranged as to measure and record the said power and energy with commercial accuracy and shall be provided, installed and maintained commercially correct by the Commission. The Customer shall have the right to test any such measuring equipment in the presence

of a representative of the Commission by giving to the Commission seven (7) days' previous notice in writing of the Customer's desire to test such measuring equipment.

10. If the Customer at any time fails in the performance of any of its obligations affecting electrical operation under this agreement including, without limiting the generality of the foregoing, taking power in excess of the maximum under this agreement or failing to operate as required in this agreement, then the Commission may give notice thereof to the Customer, which notice may be given by telephone to an employee of the Customer by an operator of the Commission and the Customer shall immediately remedy the said failure. In case of continued failure for more than fifteen (15) minutes after notice, the Commission may discontinue delivery to the Customer of all power or of any part thereof and shall not be obliged to resume delivery to the Customer until the Customer shall have given to the Commission sufficient assurance that such failure will not recur. The Customer shall forthwith designate in writing to the Commission to what employee the said notice under this clause 10 is to be given, and in default of such designation or in the event of the said employee not being immediately available to receive such notice the said notice may be given by telephone or otherwise to any other employee of the Customer.

11. THE CUSTOMER AGREES TO:

(a) At all times to take and use the electrical power in such manner that the ratio of the kilowatts to the kilovolt amperes (read simultaneously) is unity, but when this is not possible the Customer shall pay for ninety per cent (90%) of the maximum kilovolt amperes (considered as true power or kilowatts) when the said ninety per cent (90%) is in excess of the maximum kilowatts taken; the maximum in kilowatts or kilovolt amperes shall be taken as the maximum average or integrated demand over any twenty (20) consecutive minutes;

11. (b) Use at all times first-class, suitable standard commercial apparatus and plant to be approved by the Commission and to operate and maintain the apparatus and plant so as not to cause more than minimum disturbance or fluctuation to the Commission's supply, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Customer.

12. The power shall be alternating, three-phase, having a frequency of approximately Sixty (60) cycles per second and a nominal voltage of approximately Twenty-three Thousand (23,000) volts, subject to normal variations from the said voltage of approximately ten per cent (10%) and from the said frequency of approximately five per cent (5%);

"Power" shall mean electrical power and except where the context requires a different meaning shall mean also and include "energy";

One Kilowatt shall be equivalent to One Thousand Watts (1,000 W.).

12. (b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency, at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all operating obligations of the Commission hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the Customer and the Customer's agents, apparatus, appliances and circuits;

12. (c) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by any cause reasonably beyond the Commission's control, including without limiting the generality thereof, strike, lock-out, riot, fire, insurrection, hurricane, civil commotion, flood, invasion, explosion, the Queen's enemies and act of God, then the Commission shall not be bound to deliver such power during such time; The Commission shall be prompt and diligent in removing the cause of such interruption and as soon as the cause of such interrup-

tion is removed the Commission shall without any delay deliver the said power; such interruption shall not release the Customer from any obligation under this agreement;

12. (d) The Commission shall have the right at reasonable times, and when possible after reasonable notice has been given to the Customer, to discontinue the supply of power to the Customer for the purpose of safeguarding life or property or for the purpose of operation, maintenance, replacement or extension of the Commission's apparatus, equipment, or works, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Customer; such interruptions shall not release the Customer from any obligation under this agreement.

13. The engineers of the Commission or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time, during the continuance of this agreement, to inspect the apparatus, plant and property of the Customer, and take records at all reasonable hours.

14. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

15. Any waiver by either party or failure to exercise any rights or enforce any remedy shall be limited to the particular instance and shall not operate or be deemed to extend to any other matter under this agreement or in any way affect the validity of this agreement.

16. This agreement shall become effective only if ratified by Act of the Ontario Legislature within a period of one year from the date hereof and if and when so ratified, shall remain in force for a period of Two (2) years commencing from the date such ratifying Act comes into force, or the 1st day of September, A.D. 1952, whichever date shall be later.

IN WITNESS WHEREOF the Commission and the Customer have caused this agreement to be executed under their corporate seals attested by the signatures of their proper officers duly authorized thereto.

An Act respecting the City of Ottawa

MR. MORROW

(PRIVATE BILL)

BILL

An Act respecting the City of Ottawa

WHEREAS The Corporation of the City of Ottawa by Preamble
its petition has represented that it is desirable that the
City should be authorized to pass and enforce by-laws fixing a
standard of fitness of dwellings for human habitation as herein-
after set forth; and that doubts have arisen regarding the
validity of certain orders made by the Ontario Municipal
Board and that it is expedient to remove such doubts; and
that the power to enact by-laws relating to the Ottawa Fire-
men's Superannuation Fund (incorporated under *The Ontario* R.S.O. 1914,
Insurance Act on the 24th day of February, 1917, under the c. 183
name of the Ottawa Firemen's Superannuation and Benefit
Fund) is vested in all the members of the said Fund, and that
it is desirable that the power to enact such by-laws should be
vested in the Board of Trustees of the Fund; and that it is
desirable that the City should be authorized to pass by-laws
regulating the exterior design of certain buildings as herein-
after set forth; and whereas the petitioner has prayed for
special legislation to effect such purposes; and whereas it is
expedient to grant the prayer of the petition;

Therefore, Her Majesty, by and with the advice and consent
of the Legislative Assembly of the Province of Ontario,
enacts as follows:

1.—(1) In this section,

Interpre-
tation

- (a) "dwelling" means a building or part of a building occupied or capable of being occupied in whole or in part for the purposes of human habitation and includes the land and premises appurtenant thereto and all outbuildings, fences or erections thereon or therein;
- (b) "owner" includes the person for the time being managing or receiving the rent of the land or premises in connection with which the word is used whether on his own account or as agent or trustee of any other person or who would so receive the rent if such land and premises were let.

Standard

dwellings

(2) The council of the Corporation may pass by-laws for fixing a standard of fitness for human habitation to which all dwellings shall conform, for requiring the owners of dwellings to make them conform to the standard, for prohibiting the use of dwellings which do not conform to the standard, for governing and regulating persons in the use and occupancy of dwellings and for appointing inspectors or a tribunal or both inspectors and a tribunal for the administration and enforcement of the by-law.

Advances

(3) Where the owner of any dwelling is unable to pay the expense of making it conform to the standard required by the by-law, the Corporation may advance money to or for the benefit of the owner to the extent necessary to pay the expense, and the council of the Corporation may from time to time pass by-laws for the issue of debentures to raise money to be so advanced.

Lien for
advances,
and repay-
ment

(4) When the Corporation has advanced money as provided in subsection 3 it shall have a lien upon the dwelling in respect of which the advance was made for the amount of the advance together with interest thereon at a rate to be fixed from time to time by the council, but which shall not exceed 5 per cent per annum, and the amount of the advance with the interest thereon shall be repayable to the Corporation by the owner of the dwelling in equal consecutive annual payments which shall be collected over a period of years to be determined by the council, which period shall not exceed ten years but need not be the same in the case of each advance, in the same manner and at the same time as the municipal taxes on the dwelling.

Registration
of certificate

(5) A certificate of the City clerk setting out the amount advanced to or for the benefit of any owner under the provisions of subsection 3 and the rate of interest thereon, together with a description of the dwelling in respect to which the amount was advanced sufficient to identify the dwelling shall be registered in the proper registry office or land titles office against the dwelling upon proper proof by affidavit of the signature of the City clerk, and upon repayment in full to the Corporation of the amount advanced and the interest thereon, a certificate of the City clerk showing the repayment shall be similarly registered and the dwelling shall thereupon be freed from liability in respect to the advance and interest thereon and from the lien arising therefrom.

Rights to
enforce
conformity

(6) If any owner of a dwelling is unwilling to make the dwelling conform to the standard required by a by-law passed under this section, the Corporation or the tribunal appointed under subsection 2 in addition to all other remedies shall have the right to make the dwelling conform to the standard,

- (2) If the Attorney-General for Ontario certifies that in his opinion a judgment or decision of a county or district court on an appeal under this Act involves a question of law of sufficient importance to justify an appeal, an appeal shall lie therefrom to the Court of Appeal.

In 1948 the *Criminal Code* (Canada) was amended to provide that in summary conviction cases there can be a further appeal to the Court of Appeal from the decision of a county court judge on appeal from a magistrate's decision.

BILL
The Justices of the Peace Act, 1952

MR. PORTER

EXPLANATORY NOTE

This is a routine general revision of this Act which was last revised in 1926.

A number of obsolete provisions have been omitted and others changed to accord with present-day administrative practices.

The only substantial change in principle is found in section 11 of the bill, which is designed to prevent justices of the peace who are on salary for performing other duties in connection with magistrates' courts from retaining their fees as justices of the peace, if to do so would make the combined income from the two capacities too great having regard to the services rendered.

BILL

The Justices of the Peace Act, 1952

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. Every judge of the Supreme Court of Canada, of the Exchequer Court of Canada, and of the Supreme Court of Ontario, and every judge and junior judge of a county or district court is *ex officio* a justice of the peace for every part of Ontario and as such has power to do alone whatever is authorized to be done by two or more justices of the peace. R.S.O. 1950, c. 192, s. 1 (1).

2.—(1) Subject to subsection 2, the Lieutenant-Governor by commission under the Great Seal in pursuant of an Order in Council may appoint justices of the peace in and for Ontario or any part thereof. R.S.O. 1950, c. 192, s. 2.

(2) Any person, other than a barrister or solicitor, desirous of being appointed a justice of the peace shall be examined in regard to his qualifications for the office by the judge of the county or district court of the county or district in which he resides, or by such other person as may be appointed in that behalf by the Lieutenant-Governor in Council, and no such person shall be appointed a justice of the peace without a certificate from such judge or other person that he has examined the applicant and finds him qualified for the office and that in his opinion a justice of the peace is needed for the public convenience in matters pertaining to the administration of justice. R.S.O. 1950, c. 192, s. 3 (1).

3. All former general commissions of the peace are void upon the issue of a new general commission of the peace, but nothing in this Act prevents the re-appointment of any justice of the peace named in a former commission if the Lieutenant-Governor in Council thinks fit, and the issue of a supplementary commission of the peace does not operate as a revocation of a general commission. R.S.O. 1950, c. 192, s. 4.

Oaths

4.—(1) Every justice of the peace appointed, before acting, shall take the following oath:

I, A.B., of the.....of....., in the County (or District) of....., do swear that I will well and truly serve our Sovereign Lady Queen Elizabeth (or the reigning Sovereign for the time being) in the office of justice of the peace, and I will do right to all manner of people according to law, without fear or favour, affection or ill-will. So help me God.

6. A justice of the peace may use any court room or municipal hall for the hearing of cases brought before him, but not so as to interfere with its ordinary use. R.S.O. 1950, c. 192, s. 10, *amended*.

BILL

The Magistrates Act, 1952

MR. PORTER

EXPLANATORY NOTE

This is a routine general revision of this Act which was last revised in 1936. A number of obsolete provisions have been omitted and others changed to accord with present-day administrative practices.

Two new principles are contained in the bill:

1. Present magistrates are given a choice as to retirement. They may elect to retire under *The Public Service Act* (at 60 or 65) or under *The Magistrates Act* (at 70). Future appointees have no choice—they will be governed by *The Public Service Act*. See section 4 of the bill.
2. Under the present Act magistrates assigned to cities are paid by the cities. In most cases they do not receive cost-of-living bonus, sick leave credit, etc., enjoyed by other magistrates. In order to remove these inequalities the bill provides for these city magistrates to be paid by the Province in the same way as other magistrates and for the Province to be reimbursed by the cities concerned. See section 20(3) of the bill.

BILL

An Act to repeal The Suburban Area Development Act

MR. DUNBAR

EXPLANATORY NOTE

This Bill repeals *The Suburban Area Development Act* which was first enacted in 1921 and which authorizes the establishment by a township council of a suburban area adjacent to a city, town, village or police village in which certain municipal services have been established. A suburban service board, elected by the electors of the area, was then established which was empowered to enter into agreements with the urban municipality for the supply of services.

The Act has been used very little and at present it is understood that there is only one suburban service board in existence. The provisions of the Act are now outmoded in view of the broad powers now given in *The Municipal Act* for township councils to establish areas in the township for the supply of services.

The Bill permits any existing suburban service board to continue to operate and authorizes the board or the township council to apply to the Ontario Municipal Board for dissolution.

BILL

An Act to amend The Trustee Act

MR. PORTER

TORONTO

PRINTED AND PUBLISHED BY BAPTIST JOHNSTON
PRINTER TO THE QUEEN'S MOST EXCELLENT MAJESTY

EXPLANATORY NOTE

Sections 26 and 27 of *The Trustee Act*, which set out the investment powers of trustees, have not been altered in principle for 65 years. Generally speaking, trustees are confined to securities of or guaranteed by certain governments, first mortgages on real estate, Dominion subsidy bonds, guaranteed investment certificates of certain trust companies, and debentures of certain loan companies.

This bill gives trustees a broader field of investment, consistent with safety of principal, so that they may cope more effectively with current economic conditions and thus serve the interests of the beneficiaries to better advantage.

The new sections 26 and 27*a* replace the old sections 26 and 27 without any change in scope.

The new section 27 will enable trustees to invest up to 35 per cent of a trust fund in the designated classes of corporation bonds and stocks.
